**DICHIARAZIONE PUBBLICA SUL CONFLITTO DI INTERESSI (vs 0 del 08/01/2016)**

Nome

MARCUO

Cognome

BIANCHINI

Qualifica

MEDICO

Ente di appartenenza AOU POLICLINICO DI MODENA - UO  
GASTROENTEROLOGIA

Si prega di elencare di seguito ogni eventuale interesse nell'industria farmaceutica (se necessario utilizzare più moduli).

Impegno nell'industria farmaceutica nel corso degli ultimi cinque anni:

- Tutte le attività svolte (direttamente o indirettamente) per ditte farmaceutiche (o per loro conto, in questo caso specificare il proprio ruolo e le attività svolte e indicare il nome del prodotto e la natura del lavoro svolto), sia che tali attività abbiano comportato o meno remunerazione regolare o occasionale, in denaro oppure in natura, fra le quali:
  - Partecipazione al processo decisionale interno di una ditta farmaceutica (per es. partecipazione al consiglio di amministrazione, direzione esecutiva o non esecutiva);
- Appartenenza permanente o temporanea al personale di una ditta farmaceutica. Altre attività svolte all'interno di una ditta farmaceutica (per es. tirocinio) sono ugualmente soggette a dichiarazione;
- Lavoro di consulenza o di altro genere, appaltato da ditte farmaceutiche

NA

Interessi finanziari nel capitale di un'industria farmaceutica:

Nome dell'industria: NA

Tipo di azione: Numero di azioni:

Altri rapporti con l'industria farmaceutica:

- Ogni tipo di assistenza e sostegno ricevuto dall'industria durante i precedenti 5 anni, comprendente o meno i benefici pecuniari o materiali, diretti o indiretti del tipo:
  - Borse di studio o di ricerca istituite dall'industria

|                                                                                                                                                                                                                                             |                                                                                                                           |                                                      |

| PEG-Interferon alfa2b long term treatment for cirrhotic HCV patients: multicentric study for HCC prevention in non responders (SH-P02377).                                                                                                                                                   | Co-Investigator - study completed in 2009 |
| Sorafenib as Adjuvant Treatment in the Prevention Of Recurrence of Hepatocellular Carcinoma (STORM) (BAY43-9006)                                                                                                                                                                             | Co-Investigator - Completed               |
| A Multicenter, Randomized, Double-Blind, Phase 3 Study of Ramucirumab (IMC-1121B) Drug Product and Best Supportive Care (BSC) Versus Placebo and BSC as Second-Line Treatment in Patients With Hepatocellular Carcinoma Following First-Line Therapy With Sorafenib (REACH) (IMCL CP12-0919) | Co-Investigator – Completed               |
| An Open-Label, Multicenter, Randomized, Phase Ib/II Study of E7050 in Combination with Sorafenib versus Sorafenib Alone as First Line Therapy in Patients with Hepatocellular Carcinoma (EISAI) (E7050-701)                                                                                  | Co-Investigator – Completed               |
| Tivantinib Versus Placebo as Second-Line Treatment in Patients With Hepatocellular Carcinoma. (Metiv-HCC).                                                                                                                                                                                   | Co-Investigator - Ongoing                 |
| A multicenter, single arm, phase Ib/II study to evaluate efficacy, safety, and PK of MSC2156119J as monotherapy in subjects with MET+ Advanced Hepatocellular Carcinoma with child pugh class A liver function who have failed sorafenib treatment                                           | Co-Investigator - Ongoing                 |

## Courses Attended

|                                                                                              |           |
|----------------------------------------------------------------------------------------------|-----------|
| BLS-D operator course                                                                        | May 2004  |
| V Training campus for young gastroenterologists, AGGEI                                       | Sept 2005 |
| Metabolic syndrome and viral hepatitis, SIGE (Italian society of Gastroenterology)           | Sept 2006 |
| VI Training campus for young gastroenterologists, AGGEI                                      | Sept 2006 |
| EASL clinical school Course 7: Autoimmune Hepatitis                                          | Dic 2006  |
| EASL clinical school Course 8: Complications of liver cirrhosis and hepatocellular carcinoma | Jun 2007  |
| Molecular and cellular biology course, AISF (Italian Association Study Liver)                | Jun 2007  |
| XIV FISMAD annual meeting (Federation of Italian Digestive Disease Associations)             | Mar 2008  |

|                                                                                 |              |
|---------------------------------------------------------------------------------|--------------|
| XV FISMAD annual meeting (Federation of Italian Digestive Disease Associations) | Apr 2009     |
| AASLD the liver meeting 2009                                                    | Oct-Nov 2009 |
| EASL the international liver congress 2010                                      | Apr 2010     |
| SIGE (Italian Society of GastroEnterology) regional meeting                     | Dic 2011     |
| HBV: the real practice                                                          | Oct 2012     |
| SIED (Italian Society of Digestive Endoscopy): national meeting                 | Oct 2012     |
| EASL the international liver congress 2013                                      | Apr 2013     |
| AASLD the liver meeting 2013                                                    | Nov 2013     |
| AISF Annual Meeting 2014                                                        | Feb 2014     |
| Strategies and challenges for viral hepatitis treatment.                        | Mar 2014     |
| Aspetti clinici, gestionali e legali nel management del paziente con epatite B. | Giu 2014     |
| Il TIPS workshop: esperienze a confronto.                                       | Gen 2015     |
| AISF monothematic conference 2015                                               | Oct 2015     |
| AISF Annual Meeting 2016                                                        | Feb 2016     |
| EASL the international liver congress 2016                                      | Apr 2016     |

## Grants

|                                  |                                                         |      |
|----------------------------------|---------------------------------------------------------|------|
| European Association Study Liver | International Liver Congress award for top rated poster | 2013 |
|----------------------------------|---------------------------------------------------------|------|

## Professional Societies

|                                            |        |               |
|--------------------------------------------|--------|---------------|
| European Association Study Liver           | Member | 2010-Current  |
| Associazione Italiana Studio Fegato (AISF) | Member | 2015- Current |

## Other Activities

|                                            |            |             |
|--------------------------------------------|------------|-------------|
| Resident/Fellows Association Modena (ASMO) | President  | 2007-2010   |
| Regional Postgraduate Education Board      | Counsellor | 2007 - 2009 |
| Medical Council Modena                     | Counsellor | 2008-2011   |

## Reviewer Activity

|                                                                      |
|----------------------------------------------------------------------|
| World Journal of Gastroenterology (Baishideng Publishing Group)      |
| World Journal of Hepatology (Baishideng Publishing Group)            |
| European Journal of Gastroenterology and Hepatology (Wolters Kluwer) |

## Teaching Activities

|          |                                                         |                        |
|----------|---------------------------------------------------------|------------------------|
| Lecturer | Nutritionist school "Nutrition in IBD"                  | Mar 2007               |
